

# THE STORY OF HIS GLORY

---

Not everyone you meet on the street is familiar with the Bible. This includes many Christians. This study is designed to help new believers and veteran Christians work their way through the Bible.

This is meant to be a survey type study that is well guided. You will not find specific dates, however entry is meant to be one day's study. This can be a great guide to help new Christians you meet get started reading Scripture as each entry has a title.
